A local improvement project from Rocky Mountain Power

Dear Sir or Madam,

We are continuously working to improve the reliability of our service. That's why we want you to know we will be working East of Westview & 1950 S to Cross Hollow Dr in Cedar City during the coming months. We will be replacing our overhead system to an underground system to help improve service quality and reduce outages.

The work is planned to begin on December 6th, 2021 and is estimated to be complete by early May. If you wish to contact us about this reliability improvement project, please reference project number #8073587.

We strive to prevent power outages during these improvement projects and will notify you in advance of any planned interruption in completing our work.

We're doing this work because we're dedicated to providing you with the safest, most reliable service possible.

You can report outages, view an outage map and check restoration status on our website or free mobile app for Apple and Android devices. Find out more at rockymountainpower.net/app.

As always, you can contact us anytime, toll free at **1-888-221-7070** or visit us at rockymountainpower.net.

It's a pleasure to serve you.

Sincerely,

A handwritten signature in black ink, appearing to read "Blake Attaway".

Blake Attaway
